Research Retreat

*Tuesday,
June 4, 2013*

from

8:30 am-12:30 pm

*in the Baldwin
Auditorium in Lurie*

*Poster Registration Deadline
is Thursday, May 30th!*

Do you perform Epithelial Biology Research?

If so consider participating in this research retreat on epithelial biology. You'll hear about the new services offered by the NU-SDRC Cores and the results of the Pilot & Feasibility Studies funded by the NU-SDRC. We will also have a keynote lecture and a poster session for scientific interactions and feedback.

Schedule of Events

8:30-8:45 am Introduction and
Administrative Core Presentation

8:45-9:30 am NU-SDRC Cores -
What are the latest services?

9:30-9:45 am Refreshment Break

9:45-10:45 am Pilot and Feasibility Study
Presentations

10:45-11:15 am **Keynote Lecture by Navdeep Chandel, PhD, Professor of Medicine & CMB**
"Mitochondria regulate epidermal differentiation and hair follicle growth."

11:20-11:30 am Closing Remarks by NU-SDRC Director, Dr. Amy S. Paller, MD

11:30-12:30 pm Poster Session and Refreshments in the Lurie Ryan Atrium

Interested in Presenting a Poster?

We encourage all epithelial related poster submissions, including those already presented at Landsberg Research Day. Poster Registration and Attendance RSVP's are **due by May 30, 2013** to Betsy Cutcher at e-cutcher@northwestern.edu.
